STRONG NETWORK. STRONG VENTURE.

Sovendus is Europe's leading brand partnership network. More than 3,000 European partner shops such as IKEA, HelloFresh and Samsung trust our e-commerce solutions to grow their business.

Now we are building something new: a consumer venture, set up in Berlin as a standalone team with real independence. We start from day zero, but with an unfair head start: access to thousands of partner brands and millions of shoppers who already pass through our flows. Small founding team, start-up speed, and the backing of an established company.

YOUR RESPONSIBILITIES

- Be the direct sparring part of the Founder & Director of the new venture.

YOUR PROFILE

- Student or recent graduate in business, economics, engineering or a related field.

- Own your own workstreams from week one, e.g. the first acquisition tests or the launch partner pipeline.
- Launch real experiments: landing pages, CRM campaigns and welcome flows, and see live results within days.
- Talk to users and brands every week and turn what you learn into product and business decisions.
- Help win the first launch partners: build the target list, run outreach and join the pitches.
- Shape the business case and board updates together with the founder, from the inside.
- At least one internship in a competitive, fast-paced environment, e.g., strategy consulting or a top-tier start-up.
- Quick learner: you can be thrown onto almost any topic and figure it out.
- You are a true AI-native, leveraging Claude etc. without producing slop and/or turning off your own brain.
- Strong work ethic and ownership mentality.
- Fluent English; German is a significant plus.

WHO WE ARE

1 Team. 18 Nationalities. 50% Women & 50% Men. Hundreds of Opportunities!

Our story began in 2008 in Germany: Oliver Stoll founded the company "Gutschein-Connection". This marked the start of successful growth that has made us the leading

network for vouchers and special offers. In 2011, the company was renamed Sovendus, and today, Sovendus has 145 employees who have made this tremendous growth possible. This is also due to our great diversity: our teams consist of roughly equal numbers of women and men, with a total of 18 nationalities and an average age of 35. This includes not only permanent employees but also working students and interns.
